

Equal and Separate

Don't take black or disabled hostages,
goes the AQ Guide.

For nobody ever wants them back!

Rest of tome could be said to be a perverse
Hymn to Fat Whites.

For what would revolution's do without them?

Beautiful Tools so thoroughly ugly!

One must learn a perverse aesthetic to
change anything.

Absurdity forever presenting itself!

If one day you sweat enough to become
a Fat White...?

Full Circle.

Norm.
